WHAT IS PROSPER?

Prosper Vancouver is a new up-coming high school and university-based business competition that will be held in June 2018 at UBC

What is the definition of a Case Competition? This question revolves around only one solid answer; a competition that strengthens the skills that are needed for young youths in the future of the business world. At Prosper Vancouver, we aim to implement all the important skills needed to guarantee the success and skills required for a prosperous career goal.

This year remarks the first iteration of Prosper. Prosper is one of the up and coming business case competitions located in the lower mainland. As a non-profit organization, it is our hope to let the youth experience solving real cases with practical and creative recommendations. Business mentors from all the world will be attending not only to speak but to help the youth deepen their understanding or passion for business.

But most importantly, we give them the enlightenment the ability to network not only with the business mentors but with the fellow youth community around them to build a prosperous future for the youth.
